

Anna Vasylchenko

Front-end Developer

Summary

I'm a front-end developer with knowledge of HTML, CSS, Javascript, React, and Typescript. I already have more than a year of experience in programming, and I have a great desire to constantly develop and learn new things. I adeptly handle unexpected situations and assume accountability for assigned tasks. I love working with a team and gaining experience. I stand out for my discipline and time management skills.

Project experience

● Phonebook, Link [HTML, CSS, JS, Vite, Node.js, React.js, Redux, Axios]

ROLE: DEVELOPER

Individual project

In this web application, you will have the opportunity to create your own account in the contact book, where you can add new contacts, delete them, and search by number and name.

● Veggieboost, Link [HTML, CSS, JS, Vite]

ROLE: DEVELOPER

I DEVELOPED THE "ORGANIC VEGETABLES" SECTION, WHICH IS ADAPTED TO ALL DEVICES

Team project

A website that helps you easily shop for fresh vegetables from home. It is adapted for all devices, has a modal window and several animations.

● Your Energy, Link [HTML, CSS, JS, Vite, Node.js]

ROLE: DEVELOPER

I WAS RESPONSIBLE FOR THE FOOTER OF THE SITE AND ALL ITS FUNCTIONALITY

Team project

This site will help you create your own workout program, has a variety of workouts for each body part and an explanation of how it works
